

Zero-Waste All-Purpose Cleaner

Zero-Waste All-Purpose Cleaner

- **Cut the citrus peels** (lemon, orange, mandarin, clementine, grapefruit, etc.) left over after cooking.
- **Fill a large jar** and pack.
- **Pour white vinegar** up to the top of the jar. Close and tap the jar for the air bubbles to come up.
- **Let macerate** for two weeks (if needed, write the date of preparation on a piece of paper to have an indication of the end of the maceration).
- After the two-week period, **filter**.
- **Compost the peels** and pour the macerated vinegar into a spray-cap container.
- **Dilute with a little water** (for a solution of about 1/2 water and 1/2 vinegar).

Use this product with a cloth to clean every surface in every room (countertops, dining tables, bathroom shelves, sinks, etc.).
